Wall lamp ALAMBRA CORTO

The innovative collection of ALAMBRA lamps is not only lighting, but also decorative. The matte black powder-coated shade is an open, geometric structure made of metal rods, thanks to which it does not obstruct the light source and allows it to spread in every direction. This is a great solution for living rooms, kitchens or bedrooms, and the fashionable and effective form of a diamond will fit perfectly into rooms in a modern, industrial or Scandinavian style.
